National Electronic Attachment, Inc. Signs Agreement with Wellpoint Dental Services, Inc. to Receive Dental Electronic Attachments via FastAttach(tm)

Atlanta, Georgia - National Electronic Attachment, Inc. (NEA) announced today that they have signed an Agreement with Wellpoint Dental Services of Camarillo California. Wellpoint will begin accepting dental electronic attachments transmitted to NEA's web site from providers using NEA's FastAttach(tm) system.

FastAttach(tm) enables dental offices to transmit dental attachments (x-rays, perio charts, intra-oral pictures, narratives and EOB's), via the Internet, to NEA's repository where payors are able to view them, in support of electronic claims. For dental offices, FastAttach(tm) accelerates claim processing and eliminates the need to duplicate and mail x-rays.

"At Wellpoint we are committed to increasing our electronic claims capabilities because it is a win-win scenario for Wellpoint and the dental offices, which translates into better service to the end customer. Our agreement with NEA will help us meet the commitment," stated Linda Hutchinson, Director of Dental Operations at Wellpoint.

Wellpoint anticipates this integration will increase their electronic claim volume, reduce in-bound mailroom expenses and eliminate the need to return x-rays to dentists.

"It has been a pleasure working with the staff at Wellpoint as they move into their seamless integration with our electronic attachments. We look forward to registering their providers to send all of their claims and attachments electronically to Wellpoint," states Tom Hughes, CEO of NEA.

Wellpoint is one of the nation's leading providers of affordable dental health solutions. Additional information to be provided by Wellpoint.
