National Electronic Attachment, Inc. (NEA) Signs Agreement with Delta Dental Plan of Missouri (DDPMO) to Begin Receiving Electronic Dental Attachments via FastAttach(tm)

Atlanta, Georgia - National Electronic Attachment, Inc. (NEA) announced today that they have signed an Agreement with Delta Dental Plan of Missouri (DDPMO), St. Louis, MO. The agreement will allow Delta Dental Plan of Missouri to accept dental attachments for electronically submitted claims.. The attachments will be transmitted to NEA's web site from dental providers, using NEA's FastAttach( system.

FastAttach(tm) enables dental offices to transmit dental attachments (x-rays, perio charts, intra-oral pictures, narratives and EOB's), via the Internet, to NEA's repository where Delta Dental Plan of Missouri is able to view them in support of the electronic claim adjudication process. For dental offices, FastAttach( accelerates claim processing and eliminates the need and cost to duplicate and mail x-rays and other necessary attachments.

"We are very excited about offering this new technology to providers, especially to our participating dentists in Missouri. This is another way DDPMO is working to reduce administrative complexity and costs for our dentists and clients," said, Mr. Karl Mudra, Chief Information Officer, Delta Dental of Missouri. "This is a 'win-win' enhancement for both DDPMO and our dental providers. We anticipate this arrangement will increase DDPMO's electronic claim volume, reduce costs, and increase claim accuracy and turnaround time. The dental providers benefit through streamlined claim submission processing, detailed submission documentation and reductions in their administrative costs."

"We are very glad that DDPMO chose NEA as their vendor for electronic attachments and we look forward to the opportunity to register their providers," stated Thomas Hughes, CEO of NEA.

Delta Dental Plan of Missouri provides dental benefits for over 755,000 participants and has earned a solid reputation for member satisfaction by offering customers the plans and services that meet or exceed their benefit needs while providing accurate, timely, and cost effective service levels.
