### **National Electronic Attachment, Inc. (NEA) and DENTECH Dental Software Announces an Agreement**

Atlanta, Georgia -- National Electronic Attachment, Inc. (NEA) of Atlanta, GA and DENTECH Dental Software, a Division of Softech, INC. announced today that they have entered into an agreement to offer NEA's *FastAttach*™ electronic insurance claim attachment system to DENTECH's Software clients.

*FastAttach*™ enables a healthcare office to transmit attachments (x-rays, perio charts, intra-oral pictures, narratives and EOB's) via the Internet, to NEA's repository where Insurance Payors can then view this attachment, in support of electronic claims. This is a significant benefit for healthcare offices as *FastAttach*™ accelerates claim processing and eliminates duplicating and mailing attachments.

DENTECH Software provides a comprehensive practice management system that combines virtually every aspect of running a dental office into one package. DENTECH offers a comprehensive management software application complimented with its powerful "Clinical Suite" package. Key features include Mass E-Mailing of recall and appointment reminders, Express E-Mail patient communication, Paperless Office Center, Advanced insurance billing, tracking of co-pays, fee cutbacks, overwrites, managed care forms, electronic insurance and statement processing, *separate* aging or insurance and patient balances, detailed ledger, and Palm Pilot compatible. "Clinical Suite" options include Perio and Restorative charting, Patient Education, Digital X-Ray and Intra-Oral Camera Imaging. The program efficiently handles tasks while offering many high-tech solutions. Visit DENTECH's website at [www.dentech.com](http://www.dentech.com) for additional information.

Thomas Hughes, CEO of NEA, Inc., said, "We are very pleased to announce our relationship with DENTECH Software. DENTECH Software is a leading dental practice management solution and NEA is proud to have been chosen to provide electronic attachments to their users."

Corrine Tipton, Supervisor of Electronic Commerce at DENTECH Software, said, "Continuing and expanding our relationship with *FastAttach*™ will benefit DENTECH Software customers with their daily insurance procedures.

Working with *FastAttach*™ will allow further elimination of administrative burdens by reducing paperwork and other labor costs associated with filing healthcare insurance claims. By offering *FastAttach*™, DENTECH's client dental offices will be able to transmit attachments electronically for quicker, more efficient review by Insurance Payors."

NEA, the leader in Internet based solutions for the healthcare industry, offers systems designed to make the process of insurance submissions and processing as easy as possible for the Patient, the Healthcare Office and the Insurance Payor.
